Counseling | Education | Peer Support | Intervention For Judges' Wellbeing.

Judges work in isolation and many are reluctant to seek help because they are concerned about their problems becoming known and negatively impacting their status and reputation. Yet, like all members of the legal profession, judges also face challenges with balancing work and family, stress, depression, and alcohol or drug abuse.

LAP is committed to partnering with all judges on the path to wellness.

Judges can come to LAP for personal support or to help a colleague with complete assurance of confidentiality. LAP's free and confidential services include consultations, assessments, individual and group therapy, referrals, and interventions.

Confidentiality is guaranteed by Supreme Court Rule 1.6(d), which guarantees that all information received by LAP staff and LAP volunteers is protected by the attorney-client privilege.

Additionally, LAP is not affiliated with the Judicial Inquiry Board and may not disclose any information unless the client signs a release requesting LAP to do so.

Our Mission:

To help lawyers, judges, and law students get assistance.

To protect clients from impaired lawyers and judges.

To educate the legal community.

Your Partners on the Path to Wellness.
