Counseling | Education | Peer Support | Intervention For Students' Wellbeing.

LAP helps law students with stress management skills, tips on good study habits, mentorship, group support, and making connections to other valuable resources. We strive to set you up for success before your personal, academic, and professional life is threatened. In addition to seeking out tips on wellbeing, many law students also come to LAP with questions about how to deal with Character and Fitness concerns.

LAP is committed to partnering with all law students on the path to wellness and future success.

Law students can come to LAP for personal support or to help a classmate with complete assurance of confidentiality. LAP's free and confidential services include consultations, assessments, individual and group therapy, referrals, and interventions.

Confidentiality is guaranteed by Supreme Court Rule 1.6(d), which guarantees that all information received by LAP staff and LAP volunteers is protected by the attorney-client privilege.

Additionally, LAP is not affiliated with the Character and Fitness Board or the ARDC and may not disclose any information unless the client signs a release requesting LAP to do so.

Our Mission:

To help lawyers, judges, and law students get assistance.

To protect clients from impaired lawyers and judges.

To educate the legal community.

Your Partners on the Path to Wellness.
